AUDITOR'S BIENNIAL REPORT.

TREASURY DEPARTMENT, COLORADO TERRITORY,
AUDITOR'S OFFICE, January 4, 1876

TO THE LEGISLATIVE ASSEMBLY,

Gentlemen

I have the honor of presenting herewith the Semi-Annual Report, required under the Statute, embracing the transactions of this Department of the Territorial Government for the two fiscal years commencing January 1st, 1874, and ending December 31st, 1875

REVENUE RECEIPTS AND DISBURSEMENTS,

Including the balance in the Territorial Treasury, Jan. 1st, 1874, the Revenue receipts for the fiscal year ending December 31st 1874, amounting to the sum of $66,459.67. The total disbursments for the year were $65,427.78, leaving a balance in the Treasury, Jan. 1st, 1875, of $1,031 89. Of this amount there were disbursed on special appropriations $12,117 25, making the actual expenses of the Territorial Government for the year, including the extra expenses attending the 10th session of the Legislative Assembly, $53,310,53.

For a statement in detail, giving the sources from which Revenue was derived and the different funds from which disbursments were made during the 1874, I respectfully refer you to the appendix, accompanying this Report, Exhibit A, which also shows the amount of outstanding warrants and the reconcilement of the Auditor and Treasurer's accounts

The Revenue receipts for the fiscal year 1875, including the balance in the Treasury, Jan 1st, were $61,477 93.

40396
30 Je 97

The disbursements were $58,883.31, leaving a balance in the Treasury, January 1st, 1876, of $2,594.62. In the disbursements of this year there were paid on special appropriations of the Legislative Assembly, $17,425.27, leaving the amount disbursed for the expenses of the Territorial Government at $41,458.04.

For a detailed statement, showing the sources of revenue and the specific funds and the amount disbursed upon each, and, also, the amount of outstanding warrants and the reconcilement of the balances of the Auditor and Treasurer, for the year just closed, I refer you to Exhibit B, in the appendix.

EXHIBITS.

Your attention is respectfully directed to the exhibits hereto attached in the appendix, viz:

Exhibit C—Is the ledger balances on the books of the Auditor at the close of the fiscal year 1874, which gives the sources of revenue by counties, and, also, gives the amount remaining to the credit of each particular fund January 1st, 1875.

Exhibit D—Is similar to Exhibit C, for the fiscal year 1875, showing the balances January 1st, 1876.

Exhibit E—Is a comparative statement of the assessment of 1873 and 1874, showing the increase of the taxable property in the Territory, and the increase of revenue derived therefrom.

Exhibit F—Is a similar statement to exhibit E, the difference being a comparison between the years 1874 and 1875.

Exhibit G—Shows the amount of revenue charged on the books of the Auditor against the various counties January 1st, 1876.

Exhibit H—Shows the nature and amount of taxable property in the Territory in each of the counties as returned to this office by County Clerks.

Exhibit I—Is a classification, under appropriate heads, of the different kinds of property in the Territory, giving numbers, value and territorial tax on each particular classification as required by the statute.

Exhibit J—Shows the condition of the Deaf Mute Fund in the various counties, the amount of revenue received and disbursed, for deaf mute purposes, during the year 1875, together with the balance to the credit of the Territorial Deaf Mute Fund, January 1st, 1876.

AN ESTIMATE OF THE REVENUE AND EXPENSES OF THE GOVERNMENT FOR THE YEARS 1876 AND 1877

Delinquent taxes due from Counties, $68,183 41, 90 per cent considered unavailable	$ 8,818 34
Tax levied for 1875, as per assessment, (remaining untouched)	69,194 68
Tax of 1876, estimated	75,000 00
" 1877, "	100,000 00
Balance in the Treasury, January 1, 1876	2,594 62
Total	$245,607 64

EXPENDITURES

Judges' Salary	$ 12,000 00
Officers' Salary, to include Auditor, Treasurer, Librarian, Board of Prison Managers, Warden of the Penitentiary, Governor's Private Secretary, Superintendent of Schools, Adjutant General, and Territorial Assayers	29,000 00
Penitentiary, (to include outstanding bills, approved by the Board of Managers, $6,697 67)	46,697 67
Governor's Contingent expenses	2 500 00
General " "	4,000 00
Auditor's " "	1,000 00
Treasurer's " "	800 00
Librarian's " "	1,800 00
Adj't General's " "	500 00
Superintendent of Public Instruction's Contingent expenses	700 00
Incidental Printing	1,000 00
Legislative Printing, (including Reports of Territorial Officers)	4,000 00
Supreme Court Library	1,000 00
Clerk of Supreme Court	500 00
District Attorneys' Salary	4,800 00
Apprehension of Fugutives from Justice	2,000 00
Insane Paupers	2,000 00
Revenue Commission	150 00
Total	$114,447 67

The above estimate shows a source of revenue from taxes of 1877, which, under existing law, will not, only in part, be available until January 1878, but, as will be seen by reference to the estimate of expenditures, the resources will be ample to meet the legitimate expenses of the Government for the years 1876 and 1877 without this tax

There are outstanding bills against the Territory, in addition to the Penitentiary bills above included, to wit;

One in favor of Wm. N. Byers for $385.50, also, one in favor of H C. Brown for $350.00, both for Territorial printing, which have been approved by me as just, but have not been paid because of the appropriation for such purposes having been exhausted. I would therefore recommend an appropriation to liquidate these claims In addition to these there are several outstanding claims against the Territory for the apprehension of fugitives from justice. I have not passed upon the validity of any of these accounts, but I am of the opinion that such charges, under existing law, are legitimate against the Territory, but in as much as the Legislature, at its last session, made no appropriation for that purpose, I have suggested to parties, having such claims, to present them to your honorable body for adjustment.

DELINQUENT AND UNAVAILABLE TAXES.

There stands charged, on the books of the Territorial Auditor, against Counties, delinquent taxes of previous years—in some instances running back to the organization of the Territory—the following amounts, viz:

Arapahoe	County	$ 8,849 61
Boulder	"	6,748 49
Bent	"	2,382 27
Clear Creek	"	2,030 22
Conejos	"	862 50

Weld	"	2,783 07
La Plata	"	46 73
Rio Grande	"	99 34
	Total	$68,183 41

Of this amount, fully 90 per cent. is considered unavailable and represents a ficticious source of revenue that should not exist. The attention of the Legislature having been called to the subject, an Act was passed at its 9th session, (see laws of 1872, page 62,) the intention of which was to enable the Auditor to ajust these accounts with the different counties. My predecessor in office, in his report, (see Auditor's Report, 1874, page 62,) in calling attention to the Act referred to says: "I regret to say, that for various reasons, the intention of the Act has so far been defeated Some of the County Clerks have failed to return to this office the statements asked for, and necessary to an understanding of the causes for which taxes were not collected; others have sent such statements as are inadmissable in any settlement of this kind, by reason of the informalities they contain;" to which I will add, that I am officially informed, that, owing to the loose way in which the records of some counties have been kept in previous years, it would now be impossible to furnish any intelligible statement whatever in regard to the matter, hence, in concluding this subject I shall reiterate the forcible language of my predecessor; that, "it is the opinion of the Auditor, that just and accurate settlements of these accounts can never be arrived at until a competant person, clothed with authority to examine books, papers, accounts and vouchers of County Officers, is duly authorized and required to make examination thereof." I therefore recommend that some action be taken by your honorable body to accomplish the adjustment of these accounts.

TERRITORIAL TAX OF 1875.

The Legislature at its last session, (see laws of 1874, page 226,) enacted as follows, viz: "That for the year A. D. 1874, there shall be levied and assessed upon all taxable property, real and personal, in the Territory, a tax for Territorial purposes of one and one-half (1½) mills on the dollar, and for the year A D 1875, a tax of one half (½)

mill on the dollar. Provided, that the Territorial Board of Equalization may increase or diminish the same if necessary."

Under the latter provision of the law above quoted, the Board of Equalization took action as follows, viz:

"At a meeting of the Territorial Board of Equalization, held this day, at the office of the Territorial Auditor, at Denver, Colorado Territory, to take into consideration the subject of the rate of taxation to be assessed for Territorial purposes, for the year A. D. 1875, the full Board being present, to wit: John W. Jenkins, Secretary; David H. Moffat, Treasurer; and L. C. Charles, Auditor; it was unanimously ordered by the Board:

That under the provisions of the statute passed at the tenth session of the Legislative Assembly of the Territory of Colorado, and approved February 13th, 1874, there shall be and is hereby levied and assessed for the year 1875 a tax of one and one-half (1½) mills on the dollar, upon all taxable property, real and personal in the Territory for Territorial purposes.

Done at Denver, Colorado Territory, this 8th day of July, A. D. 1875.

(Signed.) JOHN W. JENKINS, *Secretary of the Territory.*
DAVID H. MOFFAT, Jr., *Treasurer.*
L. C. CHARLES, *Territorial Auditor.*

The reason for this action of the Board was based, principally, upon the reasonable probability of our Territory soon becoming a State, and its necessary increased expenses attending the initiatory steps towards that object. It was the desire of the Board that the Territorial Government should be passed into the keeping of the State authorities upon a firm financial basis, and entirely free from debt. This object could not have been attained under the rate of taxation fixed by the Legislature, and it is, moreover, somewhat doubtful whether one half mill on the dollar would have been sufficient to meet the legitimate expenditures of the Territory for the year 1876, when the revenue to be

derived from the levy of 1875, becomes available For these reasons it is hoped that this action of the board will commend itself to the favorable consideration of your honorable body.

BOARD OF EQUALIZATION

For any practical purpose the Territorial Board of Equalization might as well be out of existence. At the time fixed by law, August 1st, for the Auditor to notify County Clerks of changes made in the assessments, there are but few, if any, abstracts of assessment before him, and from some of the Counties they do not put in an appearance until as late as November There is no time fixed by law when County Clerks are required to make returns to the Auditor, nor is the time limited by law when County Boards of Equalization shall close their sessions, and herein is the difficulty, at the time the Territorial Board are required to meet, there is nothing before them upon which to act

It will be observed by reference to abstracts of assessment herewith appended under Exhibit H, that great inequalities of assessment exist in different counties; this should be remedied; the law gives the Territorial Board the necessary power, but, for the reasons above set forth it is powerless.

In this connection I will add, that it would greatly assist in a just equalization, that Assessors shoul be required to furnish a more specific classification of the various kinds of property subject to taxation—values without numbers and classification of kinds afford little information upon which a Board of Equalization can act. A more specific classification of property than is now required by law, would enable the Auditor to furnish tables of statistics of far more interest to the public than is now possible

COUNTY INDEBTEDNESS AND RATE OF TAXATION

In my judgment an Auditor's Report should not only show the financial condition of the gorernment, but should, also, show the financial condition of the various counties

composing it; the amount of their bonded debt, if any; the rate of taxation in each, and the specific amount raised by taxation and expended for county, municipal, school and other purposes.

Such information would, in my opinion, be of much interest to the public generally, and would add greatly to a proper appreciation of the magnitude of our great and growing commonwealth.

This object could be attained by a law directing County Clerks and School Superintendents to furnish the information required, and I, therefore, recommend the subject to your favorable consideration.

CONCLUSION.

The duties of this department are somewhat laborious and responsible. I have endeavored to perform them with fidelity, and with a purpose solely devoted to what I conceived to be the best interests of the Territory, How far I have succeeded is a question I leave the public to answer. My official acts are open to inspection and investigation, and in conclusion I desire to express my thanks to the Territorial and other officers for the uniform courtesy extended to me in the transaction of official business; to congratulate the people upon the healthy financial condition of the Territory, and, while doing so, to indulge the hope that Colorado will soon be enrolled among the sisterhood of States.

I have the honor to be very respectfully your obedient servant,

L. C. CHARLES,
Territorial Auditor.

NOTE.—The decrease in value of taxable property in Douglas County is attributable to the organization of Elbert County, principally from its territory. The decrease in Conejos and Costilla Counties is attributable to the organization of Hinsdale, La Plata and Rio Grande Counties. The increase of Bent County is, in part, attributable to the abolishing of Greenwood County and attaching it to Bent County.
